GLAO Component Director Report April 2019

The MAO just completed a very successful annual meeting with two fantastic speakers to address both doctors and staff, attendance was almost 180 people for a full day meeting! At the meeting we ran a raffle to help increase the number of people participating in the GLAO Facebook page. We continue to monitor the rules being formulated for enacting SB541, The Dental Therapist Bill. Our resident outreach program is continuing for a second year and has helped to make sure all board positions for the MAO are filled. We continue to make sure funding for our PAC is a priority to give us a collective voice in Lansing to serve our members and the public's best interest.

Respectfully Submitted

Fatima Ahmed
Michigan Component Director
