

Michigan Component Report-Winter 2020

The Michigan Association of Orthodontists just completed a successful virtual meeting on October 23, 2020. It was a well-attended meeting with programs for both staff and doctors. I would like to thank Dr. Christian Groth and Dr. Courtney Dunn for their excellent presentations. Plans are currently underway for our next annual meeting in March 19, 2021, with the ability to go virtual if needed. Dr. Lisa Alvetro will be presenting on digital workflow and Dr. Moe Hakim will be speaking on pain management.

The MAO board is actively communicating with the Michigan Department of Health and Human Services to best ensure that orthodontists in Michigan are able to continue to see their patients and keep their practices open in some capacity as cases of COVID-19 are beginning to rise. The MAO is also communicating with the Michigan Board of Dentistry. Please feel free to contact me, Fatima Ahmed, your Michigan GLAO component director with any questions.

Respectfully submitted

Fatima Ahmed

Michigan Component Director.
