WPSO

Dr. Nandita Pearce continues to provide outstanding CE throughout the year. This fall two are scheduled:

1. Dental Monitoring presented by RMO on Sept. 30th, allows smartphone users to capture tooth movements and communicate them to the orthodontist. This allows for more efficient and effective treatment.
2. Dr. Straty Righellis, sponsored by Forestadent will be presenting on Nov. 18th.

Both organizations have newer websites that have been updated and are well organized. Please visit them for more information about membership and scheduled events.

As always, I welcome any comments or suggestions. Please feel free to reach out to me at anytime. Thank you for your continued support.
