

FOR IMMEDIATE RELEASE

326 Orthodontists Achieve American Board of Orthodontics Certification

St. Louis, Missouri – January 21, 2025 – The American Board of Orthodontics (ABO) proudly announces the certification of 326 orthodontists from this past Fall 2024. This achievement reflects the successful completion of the ABO’s rigorous certification process, which includes both Written and Clinical Examinations. ABO Board Certification is a voluntary credential that represents an orthodontist’s personal and public commitment to the highest standards of specialty practice and lifelong learning. In 2024, a total of 659 orthodontists achieved ABO Board Certification.

“It is with great honor that we announce our Fall 2024 ABO-Board Certified recipients and recognize their outstanding achievement,” said Dr. Jae Hyun Park, President of the American Board of Orthodontics. ***“ABO certification reflects a dedication to lifelong learning and a continuous commitment to elevating the quality of patient care.”***

To see the full list of newly certified orthodontists by constituent society of the American Association of Orthodontists, visit our [blog here](#).

The ABO is a trusted mark of excellence, recognized by patients, practitioners, and professional partner organizations, ensuring quality and commitment in orthodontic care. The ABO currently represents 63% of the American Association of Orthodontists (AAO) membership. To learn more about ABO Board Certification, visit www.AmericanBoardOrtho.com.

About the American Board of Orthodontics

Founded in 1929 as the first specialty board in dentistry, the American Board of Orthodontics (ABO) is partnered with the American Association of Orthodontists and is recognized by the National Commission on Recognition of Dental Specialties and Certifying Boards as the national certifying body for orthodontics and dentofacial orthopedics.
